

Get the willowbridge app for your phone.

It's free, and it connects you with the care team at our practice between visits.

HOW TO GET STARTED

- 1** **Scan the code** for your phone with its camera and install the app.
- 2** **Ask our staff** for your registration link or code. That is what connects the app to your chart; the app can't be used without it.
- 3** **Open the app**, scan your registration code, and choose a 4-digit PIN. Face ID or fingerprint keeps it locked on your phone.

WHAT YOU CAN DO

- See your care plan — the goals and medications you set with your provider
- Review your numbers — readings from the home devices your practice provides
- Send a weekly check-in so your team knows how you're doing
- Message your care team and hear back from a real person
- See your upcoming appointments
